“Formation at Saint Charles goes beyond academic study; it is a deliberate and loving process that nurtures the whole person, encompassing spiritual, human, pastoral, and intellectual growth. Our programs are designed to form future priests, deacons, and lay leaders who will be missionary disciples, carrying forward the light of Christ to a world in need.

Your contributions are not only a gift to the Seminary but to the entire Church. Together, we can continue to spread the message of Christ and make a lasting impact on countless lives. For Today. For Tomorrow. For all of us. ”

– Bishop Keith Chylinski, Rector

"God has a plan, a purpose, a promise, and a presence for each of us. My love for God and the people of Philadelphia led me to the seminary, where I'm preparing to serve this community and proclaim the Good News. During my time at the seminary, I've been deeply inspired by priests who dedicate their lives to helping others through life's challenges. The formation I'm receiving here is equipping me to continue that legacy of service." - Rev. Mr. Ed Town

"The future of our Church depends on the next generation of priests who will serve with the zealous hearts of Missionary Disciples. They depend on you. By supporting Saint Charles Borromeo Seminary today, you are ensuring that our future as a family in faith will be bright and vibrant. Together, let us be the hands and hearts that form our Church. Thank you for your generosity. May God bless you." – Archbishop Nelson J. Pérez

"My background is in science, so coming into these classes has been a different experience. I don't think I had an expectation, but it's been better than I would have pictured it. The program is helping me fortify my relationship with God. I look forward to the class because I always discover something that will help enlighten God for me." – Raquel Castellanos, PhD

“Our Church is so rich. God is the truth. Unless you know more about God, you won't know the totality of truth, and especially today, with everything that's going on in the world, things can become very obscure and foggy.

Our souls long for God. I think everybody has a gift from God in how they seek Him out. My gift is academics. I truly just enjoy learning. We will never know everything about God because God is infinite, but I love learning more about my Lord. That has been the path that God has shown me: to learn more about Him and then not keep it to myself but to disseminate it here in our community.” – Raquel Castellanos, PhD
